DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 19-32 and 44-48 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 19 recites the limitation "the method of packaging" in line 5. There is insufficient antecedent basis for this limitation in the claim.

Claim 27 recites the limitation "the longitudinal axis" in lines 2-3. There is insufficient antecedent basis for this limitation in the claim.

Claim 30 recites the limitation "the longitudinal axis" in lines 2-3. There is insufficient antecedent basis for this limitation in the claim.

Claim 31 recites the limitation "the operator" in line 3. There is insufficient antecedent basis for this limitation in the claim.

Claim 32 recites the limitation "the adjusted value" in line 6. There is insufficient antecedent basis for this limitation in the claim.

Claim 44 recites the limitation "the method of packaging" in line 5. There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-13, 19-32, and 44-51 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Almes USP 5,211,281.

5. Claims 1-13, 19-32, 44-51 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Pelka USP 6,659,264.

Allowable Subject Matter

6. Claims 19-32 and 44-48 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

7. Claims 14-18, 40-43 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
